

Growth

We've welcomed new clients City of Santa Rosa, Lower Colorado River Authority, Portside Energy, Allnex and Pattern Energy to the eLogger Family.

Gratitude

I'm grateful for all of the support I have received as I've entered this new position at eLogger. Never before have I been welcomed in by such supportive team members and clients. When I was hired, I was told our clients are the best, that statement was proven to be true at the User Conference! The opportunity to be able to meet so many of our clients, in one place, so soon after starting with eLogger, was terrific! Thank you to all of my colleagues and to all of our clients, I truly appreciate your support and enthusiasm you all have for what you do. I look forward to the next time we can connect!

Susan Nash, Senior Account Executive
